

Our Mission

As a Christian response to hunger, we link the grassroots energy and commitment of agricultural communities around the world with the capability and desire of smallholder farmers in developing countries to grow lasting solutions to hunger.

Our Vision

We envision a day when all people around the world have enough to eat and the physical, financial and community resources to live hopeful, healthy, productive lives.

Our plan targets **REACHING THE NEXT 1 MILLION** and supporting their path to sustainable food security. To accomplish this we recognize that...

Growing Projects are the heart of what we do

We need to continuously inspire and encourage them while activating more volunteers and partnerships to develop existing and new Growing Projects

Implementing Partners are our vital link to high-quality food security programming around the world

We need to actively collaborate with them to ensure quality programs and Growing Project stewardship

New audiences and partners are key to our growth and vitality

We need to increase our visibility by building a brand identity and story that powerfully represents our mission and purpose to attract more people to join our community

Key Operational Goals

Add 50 new
Growing Projects

Expand actively engaged
volunteers by 5X

Increase **food security program funding by 33%**

Enhance
Growing Project stewardship

Strengthen
Partner relationships

Invest in
communications capability
