LEARNING VISIT

JUNE 12-19, 2026

Join us for a week-long visit to the Growing Hope Globally supported Nepal Dhanpalthan program. We'll fly into Kathmandu and meet with MCC staff before taking a local flight to visit the program area in southeast Nepal.

NEPAL DHANPALTHAN

Implemented by Mennonite Central Committee (MCC) and local partner SAHAS Nepal, the program organizes farmers into community-based organizations and introduces small-scale savings and credit to help members access seed money for income-generating activities.

Capacity-building training equips women with income-generating skills. They receive tools and seed money to establish their own enterprises, enabling them to sustain their daily livelihoods.

The program advocates for and helps with access to legal rights like citizenship, marriage, and birth registration in collaboration with local government authorities.

It includes training and tools for income generating opportunities including: animal husbandry, fish farming, beekeeping, and farming using sustainable methods.

Many households in the program area lack safe and clean drinking water, so the program is installing drinking water tube wells throughout the area.

APPROXIMATE COST

\$150 per day, plus airfare and visa.
Scholarships are available.

SIGN UP DEADLINE

April 15, 2026
